

Fox Global Warranty Policy

i. Scope of Warranty

Fox provides the following limited and extended warranty for inverters and charge controllers (herein referred to as the Product(s) unless explicitly stated otherwise) produced/provided by Fox. Fox under its own discretion has the right to decline the replacement of the device if the terms and conditions on the Policy is breached. This Fox Warranty Policy (herein referred to as the Policy) is applicable in all the countries where the product is sold through recognized Fox partners. The Product(s) included in this Policy are:

S Series, E Series, F Series, T Series, H Series, P Series, AC Series, AIO Series, K series, U series, R series

Important:

Please note, this warranty policy covers Fox Products as specified herein. Where batteries are supplied separately with a Fox inverter or charger please refer to the relevant warranty policy document. This warranty is limited to the Fox inverter/charger range only and does not cover any external or ancillary parts. Any ancillary parts or add-on devices supplied by Fox may be covered by a separate warranty policy.

This Policy shall not be held as a guarantee of the product durability nor does it include any product ability.

This Policy is limited only to the parties listed as per section 2.

ii. Contracting Parties

This Policy is only provided to the original purchaser of the product from Fox (Purchaser), where the Purchaser is a distributor, solar retailer or an accredited electrician (Installer), who on-supplies the product to another party, or to that other- party (End-User) where the product is installed.

iii. Warranty Period and Warranty Extension

The Policy provides warranty cover as outlined below:

Standard Warranty

The Product will be free from defects in materials and workmanship for a period of sixty (60) months from the date of installation, but no more than sixty-five (65) months from the date of manufacture of the Product (whichever comes first).

EPS-Box-TP will be free from defects in materials and workmanship for a period of twenty-four (24) months from the date of installation, but no more than sixty-five (65) months from the date of manufacture of the Product (whichever comes first).

FoxPro (Extended Warranty)

To extend warranty coverage beyond the standard period of sixty (60) months, the Product may be eligible for a warranty extension (*FoxPro Warranty*) of an additional 60 months if registered on the warranty portal within thirty-six (36) months from the Product's commissioning date. An additional 120-month warranty extension is also available for purchase within thirty-six (36) months from the Product's commissioning date.

On account of the product being replaced, the unexpired warranty is transferred to the replacement product, applicable to both the standard and extended (*FoxPro*) warranty.

Note: FoxPro warranty do not available for AIO series and EPS Box series

iv. Policy Claim Eligibility

The only person(s) eligible to claim warranty under this contact are the Installer and Fox authorized personnel. If the Installer has gone into administration or insolvency or if the site is in a remote area, the End-User/Installer at their discretion and expense may appoint a Local Installer to carry out the functions of the original Installer.

v. Limited Liability

In the event of damages related to the causes listed below, no warranty claims will be acknowledged or accepted. Claims that relate to defects that are caused by the following factors are not covered by Fox's warranty obligations:

- Inadequate ventilation and circulation resulting in minimized cooling and natural air flow;

- If Fox ESS products are installed in the same enclosed space as electrical devices with potential safety hazards (such as flammable, explosive, or high-temperature equipment), and there is a lack of necessary safety clearance and ventilation, resulting in operational anomalies, structural damage, or safety risks, such installation will be considered non-compliant and will void the warranty;
- Improper installation of the Product(s) and/or installation performed by a non-accredited Installer;
- Improper or noncompliant use, installation, commissioning, start up or operation;
- Improper wiring of the Product causing arcing or damage of the Product or its parts;
- Improper use or misuse of the Product(s) by the Installer or End-User e.g. damage resulting from dropping the Product during installation;
- Use of improper connectors, e.g. where the Installer has installed the Product with different brand and/or model of connectors other than those supplied with the Product;
- Damage of the Product(s) that originate from other parts of the system;
- Force majeure (storm damage, lightning strike, overvoltage, fire, thunderstorm, flooding etc.)
- Damage that occurred during the transportation of the Product(s);
- Flaws that do not adversely affect the proper functioning of the product(s), e.g. cosmetic issues, wear and tear;
- Unauthorized repair and reinstallation of the Product(s);
- Where the Installer has not followed the warranty claim process and detailed in section 9, and/or proper evidence of the fault and/or test carried out on site has not been provided to Fox;
- Failure to follow the safety regulations and/or operating instructions in respect to the Product(s) operating manual.
- Failure to register the Fox ESS inverter in the Fox ESS monitoring portal within the required time (within 3 months after installation), or if registered but remaining offline for more than 6 months, makes it difficult to analyze and determine the cause of issues during the warranty period.
- The warranty will be put on hold if a firmware/software update is needed and the end user does not provide access to the product until the update is completed. Access can be granted remotely (at no cost) or on-site. This warranty exclusion pertains to issues arising from the pending firmware/software update.

Where authorized Fox personnel verify that the claim is valid and the Product is faulty owing to defects from materials and workmanship, Fox under its discretion will:

- repair of the product on site or at a designated Fox office or service centre;
- provide the closest Product within its current range of products for the replacement of the faulty or damaged Product.

The replacement Product(s) may differ in the specification and size within parameters deemed reasonable by Fox. Fox may replace parts with refurbished parts.

vi. Exclusions

This Policy does not cover any components not originally supplied by Fox as part of the system. This exclusion also applies to system components independently sourced by the End-User or Installer, even if they are of the same manufacturer and/or model as those provided by Fox.

vii. Registration

It is recommended that all Products are registered in order that they qualify under the terms of this Policy. Registration is a strict requirement. Warranties should be registered within thirty-six (36) months of installation, however it is recommended that they are registered no more than six (6) weeks following the successful installation and commissioning of the Product where possible. The information required at the point of registration via the Fox website is as follows:

1. Product model
2. Product serial number
3. Installation date
4. Customer name
5. Installation postal/zip code
6. Full installation address
7. Name of installation company

viii. Warranty Claim Process

It is the duty of the Installer to contact Fox in the event of a fault with the following information.

Name of the Installer:
Product Model No:
Fault Code:
Fault Details:
Contact Details:

Fox ESS may request additional details depending on the nature of the fault. Fox ESS will conduct or arrange tests on the product and may advise the installer to take photos or record videos for verification purposes. An RMA form must be completed with the evidence and any additional information requested by Fox ESS. A unique ticket number will be assigned to the RMA form to track the progress of the request. Fox ESS will review and confirm the request, and, if applicable, ship the replacement product within 3 working days of confirmation (subject to product availability). Once the replacement is completed, the installer is required to work with Fox ESS to organize the return of the defective product within thirty (30) calendar days of receiving the replacement.

If an allegedly faulty Product is returned to Fox pursuant to this Policy, and is found by Fox to be free of defects that would qualify it for replacement under this policy, or due to limited liability as stated in section 6, Fox will apply a flat-rate inspection charge for each Product and/or will seek to recover the full costs of the replacement Product.

Note: Any Product replacement has to be approved by Fox in all cases. Any replacement of the Product issued without the consent of Fox will invalidate an associated claim.

ix. Data Protection

To implement this warranty, Fox ESS collects, processes, and uses data provided by the customer and the cloud system during registration, as described in point 2. The data collected will be used exclusively for warranty management purposes and any repair interventions. If necessary, Fox ESS may transfer this data to a third-party electrical company or other agents appointed by Fox ESS for repairs, ensuring that these parties handle the data in compliance with the General Data Protection Regulation (GDPR).

In addition, Fox ESS collects data on system operation and conditions through the online connection to monitor performance and ensure safety. This data will be processed to protect the End User's privacy and used only for the purposes stated. The Purchaser is required to inform the End User of their rights under the GDPR, including access, rectification, deletion, and objection to data processing. Fox ESS commits to ensuring that all data processing procedures comply with current regulations.

x. Further Rights at Law

In addition to the warranty provided by Fox, the end-user/Installer have statutory rights that will not be limited or replaced by this warranty. The products provided by Fox comes with guarantees that cannot be excluded under consumer laws in the country/territory where the product is installed.
